MEDIA ADVISORY

Wayside Schools Celebrates Newest Campus with Ribbon-Cutting Ceremony

Wayside Schools is excited to host a ribbon-cutting ceremony to celebrate the opening of its new Bradshaw Campus.

The ribbon-cutting ceremony will be held inside Bradshaw Campus, located at 10704 Bradshaw Road, at 9 a.m. on Thursday, September 13. The event is sponsored by Knight Office Solutions; Schulman, Lopez, Hoffer & Adelstein, LLP; and Horizon Bank.

Bradshaw Campus is Wayside's third permanent location in Southeast Austin. The charter network operates a total of five schools in the area across its three sites. Serving predominantly low-income families, Wayside provides a free International Baccalaureate (IB) education to prepare its scholars for college and beyond.

The new Bradshaw Campus is home to both Wayside: Altamira Academy, an elementary school, and Wayside: Sci-Tech High School. In total, the campus houses approximately 800 scholars between its two schools.

Spanning 20 acres, the \$15M Bradshaw Campus boasts abundant outdoor space and ample natural light. The facilities include both indoor and outdoor cafeteria areas, media libraries, a regulation-size gym and views of downtown Austin and nearby protected wetlands.

Though the new campus has been open since Wayside's first day of school on July 25, finishing details are still being added. Currently, work is underway on two playgrounds and a multipurpose sports field.

In addition, Wayside is fundraising to begin the next phase of Bradshaw Campus project. This \$10M expansion would add an additional two-story building for high school classrooms. Once complete, Wayside hopes to build a multi-purpose theater on the property as well.

For more information on Wayside Schools or the new Bradshaw Campus, or to RSVP for the event, please contact Meghan Jones at mjones@waysideschools.org
