AMA Parent Confirmed Positive for COVID-19

4/16/2020

Waysiders,

Wayside Schools has been notified that the mother of a Wayside: Altamira Academy scholar has tested positive for COVID-19.

This family has not visited Wayside's campuses since prior to Spring Break. It is very unlikely that any of our Wayside community has been exposed to the coronavirus from this family.

Out of an abundance of caution, we ask that all Wayside families continue to follow CDC guidelines and recommendations, and to practice social distancing. In addition, we advise you to monitor your health, and contact your primary care physician if you develop symptoms.

Wayside is continuing to monitor this situation and will provide additional information as needed. We hope for a successful recovery for our AMA family.

Thank you,

Matt Abbott
Superintendent

Waysiders,

Nos han notificado que la mamá de uno de nuestros alumnos de Wayside: Altamira Academy ha dado positivo del COVID-19.

Esta familia no ha visitado ninguna de nuestras escuelas desde antes de las vacaciones de primavera. Es muy poco probable que alguien de nuestra comunidad Wayside haya estado expuesta al coronavirus por esta familia.

Por precaución, pedimos que todas las familias de Wayside sigan las pautas y recomendaciones de los CDC y hagan distanciamiento social. Además, le recomendamos monitorear su salud y si tiene síntomas, que se comunique con su médico.

Wayside continuará monitoreando esta situación y proporcionando información adicional según sea necesario. Esperamos una recuperación exitosa para nuestra familia de AMA.

Gracias,

Matt Abbott
Superintendente
