Wayside: Altamira Academy Family Tests Positive for COVID-19

5/20/2020

Waysiders,

Wayside Schools has been notified that a Kindergarten scholar who attends AMA has tested positive for COVID-19, along with his mother.

This family visited the AMA campus on the afternoon of Wednesday, May 13 to pick up supplies. All safety protocols were followed during this encounter. The family stayed in their vehicle as the supplies were left in front of the building by a Wayside staff member. Once the staff member returned inside of the building, the scholar's mother retrieved the bag.

We ask that all Wayside families continue to follow CDC guidelines and recommendations, and to practice social distancing. In addition, we advise you to monitor your health, and contact your primary care physician if you develop symptoms.

Wayside is continuing to monitor this situation and will provide additional information as needed. We hope for a successful recovery for our AMA family.

Thank you,

Matt Abbott
Superintendent

Waysiders,

Nos han notificado que un estudiante de AMA ha dado positivo de COVID-19, junto con su mamá.

Esta familia visitó AMA la tarde del miércoles 13 de mayo para recoger útiles escolares. Se siguieron todos los protocolos de seguridad. La familia se quedó en su vehículo, un miembro del equipo de Wayside puso los útiles afuera de la escuela. Una vez que el miembro del equipo regresó adentro de la escuela, la madre del estudiante recogió la bolsa.

Le pedimos a todas las familias de Wayside que sigan las pautas y recomendaciones del CDC y practiquen el distanciamiento social. Además, le recomendamos monitorear su salud y que se comunique con su médico si presenta síntomas.

Wayside continuará monitoreando esta situación y proporcionará información adicional según sea necesario. Esperamos una recuperación exitosa para nuestra familia de AMA.

Gracias,

Matt Abbott
Superintendente
